activities such as word games,
stage performances,
storytelling, Book Day

Reading Activities

- One dedicated reading period per week - sharing of books read, reading and discussion of Little Red Dot articles, borrowing of books from Class Library, visiting School Library

Benefits of Reading

- ▶ Positive reading experiences encourage students to read more. The more students read, the better they become.
- ▶ Early readers can build their confidence and abilities by rereading books they are very familiar with. Repetition is good!
- ▶ Reading and talking about non-fiction — not just storybooks — helps younger children learn information and skills that they need for academic success in upper grades.

Activities to support language learning at home

- ▶ Get your child to read and reread their favourite books – electronic or print.
- ▶ Listen to your child read and tell you stories. Follow up with conversations about the stories.
- ▶ Expose your child to new experiences and information by taking him/her to a museum, the zoo, or a different neighbourhood. Encourage them to talk about their experiences.

Let's cultivate the habit of reading
